INSTITUTIONAL REPORT

UTEL - Online Technological University of Latin America
(UTEL - *Universidad Tecnológica Latinoamericana en Línea*)

UTEL - Online Technological University of Latin America: Founded in 2008, this is a private institution of higher education in Naucalpan de Juárez, Mexico. In order for programs to be accredited, institutions must apply for each program to be accredited by the General Directorate of Accreditation, Incorporation and Revalidation (*Dirección General de Acreditación, Incorporación y Revalidación*) - DGAIR of the Secretary of Public Education (*Secretaría de Educación Pública*) of Mexico.

In general, courses leading towards accredited degrees at the UTEL - Online Technological University of Latin America are equivalent to courses completed in a distance education program at a regionally accredited institution of higher education in the United States. Courses leading towards unaccredited degrees at the UTEL - Online Technological University of Latin America are not equivalent to courses completed at a regionally accredited institution of higher education in the United States. In order to be admitted into the UTEL - Online Technological University of Latin America, applicants must have the high school diploma (*Bachiller*). This is the equivalent of graduation from a college preparatory program at an accredited high school in the United States. The official language of instruction is Spanish. The highest degree awarded by the UTEL - Online Technological University of Latin America is the degree of Doctor (*Doctorado*).
